

# LUKAS CLAUSSEN

Game Programmer and Software Engineer  
[lukas.clausson@hotmail.com](mailto:lukas.clausson@hotmail.com), +46730768736, Malmö Sweden  
Portfolio - <https://www.lukasclausson.com/>

## // BACKGROUND AND GOAL

Driven software engineer with over 2 years of experience working on AA projects, promoted from junior to intermediate in less than a year. Team player who loves working with passionate people. The main goal is always to produce enjoyable gameplay and well designed systems. More than happy to take on code ownership and responsibility, thrives when challenged with difficult problems.

## // CORE SKILLS

- Gameplay programming
- UI/UX programming
- Platform API integration (Experience with PS5, Steam, GOG, Epic Games)
- Skilled C++ programmer
- Experience with UnrealEngine 4/5
- Experience developing games for PC, PlayStation 5, Xbox Series X|S

## // WORK EXPERIENCE

**GENERALIST PROGRAMMER**, April 2022 - Present

**The Bearded Ladies**

In April 2022 I was promoted to an intermediate position and took on a more generalistic roll as I now had responsibilities across a significant part of the codebase.

- Released *Miasma Chronicles* in May 2023 on PC, PS5, Xbox Series X|S
- UI/UX Programming
- Gameplay Programming
- Platform API Integration for PS5, Steam, GOG, Epic Games

**JUNIOR GAMEPLAY PROGRAMMER**, June 2021 - April 2022

**The Bearded Ladies**

In June 2021 I started working as a junior gameplay programmer at The Bearded Ladies Consulting in Malmö, Sweden.

**SOFTWARE DEVELOPER**, October 2020 - Present

**Self-Employed**

In 2020 I started my own firm where I take on contracts for a multitude of things, including software and web development.

## // EDUCATION

**BoA IN GAME DESIGN & PROGRAMMING**, 2018 - 2021

**Uppsala University, Campus Gotland, Visby**

The Bachelor's Programme in Game Design and Programming provides skills in developing games for commercial production, as well as a deeper understanding of how games work and how they affect us.

**HIGH SCHOOL DIPLOMA, APPLICATION DEVELOPMENT**, 2015 - 2018

**Thorén Innovation School, Gothenburg**

The technical programme includes multiple courses in engineering, design and web / application development. In addition to these, I took extra programming and web server development courses.

## // CERTIFICATIONS

**C1 Advanced - Score 199**

Cambridge Assessment English

Issued: May 2018

Certification-ID: 185SE0045007 - 1999/02/18
